

# Marie Who?

HUMAN EARTHLING BASED  
IN SCIENCE & MUSIC

# Christoph B.

Crossmedia Designer  
IOLITE GmbH, DAI-Lab, FFFC

*Really appreciate to work with Marie as our Design Lead in R&D! Marie is a honest, smart, innovative, positive teamplayer and -leader. Her broad knowledge and practice between informatics, design thinking and communication design do always pay off in stunning project outcomes and rich amount of team spirit.*

---

**Stephan S.**

Postdoctoral Researcher  
IBM Research

*Marie and I have been coworkers at the DAI Lab in the time between 2012 and 2015. I have experienced Marie as a very pleasant and cooperative colleague. She is extraordinarily creative and loves contributing with her own ideas. Marie is furthermore a good listener and takes other people's perspectives into account. She usually did more than expected and always met project deadlines. All in all, Marie is a remarkable person, who made a long-lasting impact on our work culture at the DAI Lab and is missed by many colleagues. I wish Marie all the best for her professional advancement.*

---

**Britta G.**

Project Manager

Connected Living e.V., FINSOZ e.V.

*I perceived the intense collaboration with Marie for our successfully funded research project 'Dementia Care Innovations' as a genuine enrichment. She contributed as wonderfully fresh breeze with a unique perspective on the facts. Thanks to her creativity, her expertise in human-centered design and her sophisticated concepts the consortium was able to submit a highly qualitative proposal. Furthermore, her ideation workshops have significantly shaped the positive and productive working atmosphere amongst all project partners.*

## Tobias F.

Entrepreneur, Designer, Developer  
PicDrop GmbH

*Marie is a vivid and committed design thinker and a gain for every creative team. I had the honor to work with Marie in a UI & UX related team for some years. She is a very open-minded person who loves the adventure of researching and rethinking complex problems while staying user-centered and professional. On the personal side she is a very lovely and communicative person. Although Marie is not a colleague anymore, she is a friend for me till today. I wish her all the best for her future projects.*

---

# Martin G.

UX Designer

Deutsche Telekom AG, HTW Berlin

*Marie is a great person to work with. Focussed, detail-oriented, creative and always with the attention on the needs of users/customers. She is a person you can rely on, discuss with, as well as enjoy achieved goals. Both thumbs up!*

---

## Sebastian A.

Postgraduate Researcher  
DAI-Lab / TU Berlin

*I had the pleasure to work with Marie during her 3 years at DAI Lab. She is a focused and committed person, who loves to build a vibrant working space not only for her but for the team as a whole. Her experience in creative thinking and teaching such thinking to guys like me (computer scientist) is a fruitful way to come up with great solutions in interdisciplinary teams. She likes to work on many details, so one has to manage that. Miss her in my professional life and I think I'm not the only one around here at the Lab.*
